

LANrev Unveils Free InstallEase Packaging Utility

Packaging Tool Offers Automated Functionality While Providing Path to Enterprise-class Lifecycle Management Solution

Addison, TX, April 2, 2008 — LANrev, a global leader in lifecycle management software for multi-platform environments, today announced that InstallEase, the popular automated packaging tool, is now offered free of charge. The product is available for immediate download at <http://www.lanrev.com/product/downloadInstallEase.shtml>.

"LANrev has become a leader in the life-cycle management field with unprecedented functionality from our LANrev Management Suite. By offering one of our most popular functions, InstallEase, at no cost, we are ensuring that every educational, government and corporate enterprise has access to world-class technology," said Peter Frankl, LANrev Founder and COO. "InstallEase makes it simple and compelling for IT to leverage LANrev's technology and opens the door to enterprise-wide usage of the LANrev Management Suite."

InstallEase enables users to quickly create installer packages with an intuitive interface and a step-by-step wizard driven algorithm to facilitate the entire process. InstallEase is equally beneficial as part of the powerful LANrev Management Suite or when used in conjunction with other software distribution tools.

InstallEase Features:

- ◆ Automated "Before" and "After" Snapshots
- ◆ Manual Package Building Option
- ◆ Installation of Files to Current User's Home Folder
- ◆ Exclusion Filters
- ◆ Intuitive Graphical User Interface for Editing Changes
- ◆ Uninstaller PKGs
- ◆ Output to PKG, Iceberg Project or DMG Formats
